Basic notes:

He was educated at Bootham School from 1898 to 1901 in York, Yorkshire. He was educated at Leighton Park. He was educated at Balliol College, Oxford. He worked as a Physician. He was awarded with Albert Medal. On June 28th, 1918, two of His Majesty's torpedo-boat destroyers were in

collision, and Surgeon-Lieutenant Harvey was sent on board the more seriously damaged destroyer in order to render assistance to the injured. On hearing that a stoker petty officer was pinned by the arm in a damaged compartment, Surgeon-Lieutenant Harvey immediately went down and amputated the arm, this being the only means of freeing the petty officer. The boiler room at the time was flooded, and full of fumes from the escaping oil. This alone constituted a great danger to any one in the compartment, and Surgeon-Lieutenant Harvey collapsed from this cause after performing the operation, and had to be hauled out of the compartment. Moreover, at any time the ship might have broken in two, and all hands were fallen in on deck, wearing lifebelts, at the time, in order to be ready for this eventuality. Surgeon-Lieutenant Harvey displayed the greatest gallantry and disregard of his personal safety in descending into the damaged compartment, and continuing to work there amidst the oil fumes at a time when the ship was liable to sink. *The London Gazette* He worked as a Writer. http://en.wikipedia.org/wiki/W._F._Harvey
